

As President and owner of Architectural Artworks and Graphics, Inc, for the last 25 years Jackie Suarez has been providing the building community with high quality, hand drawn architectural renderings. Her experience and talent transform a set of plans into beautiful works of art that can be used to give prospective buyers a preview of how beautiful their home will look. Builders wanting to project a sense of quality and attention to detail from the beginning benefit from her custom artwork.

Born in Germany, she later moved to Keystone Heights, Florida, earning a degree in advertising design from the Florida School of the Arts. Jackie is married to Gerry Suarez and has two grown children, Jason and Nikki.

Jackie has also been a member of the Marion County Building Industries Association for over 20 years. Serving on the Board of directors, Executive Committee and Chairing the Annual Parade of Homes.
